Humbled, made low so he could lead our way.

He can't lift his head, and cries in the night,

So Fragile and still he is the Lord,

This baby's destiny is to one day

set the world back to right

A childhood wrapped in violence

A King despised like a criminal

He lived and died to find us

was hopeless so we could be Hope-full

O Savior lead our way, Messiah lead our way,

O Jesus lead the way,
